

Kjetil's Song

Verse 1

Wind blows through the tree of dreams and doubt
Leaves softly falling, some days never end
They stay with you for life the fire's burning on

Chorus

And I will always seek and try to understand
Why this earth is turning round and round my mind
The questions will remain
And fall down into the earth again

Verse 2

Sun shines on a sea O fear and hope
Wave gently rolling some nights seem so long
I feel they'll never end with longing in my heart

Verse 3

Time breathes on a city that crumbles to the ground
And rises in glory I tread through the streets
Of shadow and light and I know it never ends
